- You have no heat and the outdoor temperature is below 32 degrees.

- You have a water leak that cannot be shut off at the valve or allowed to drip into a container or bucket until the next business day.
- Your refrigerator is not working properly and food may potentially spoil.
- If you are locked out, there is a \$50 charge for maintenance to unlock your apartment (if you leave after calling, you will still be charged for the visit). You will need proof that you live in the apartment.

Call 911 for:

- Fires
 - Gas leaks
 - Medical Emergencies
 - Electrical sparks or electrical smoke

- Please be patient with our staff at this time. We are working quickly to adjust to the situation. Work order requests will be evaluated on a case by case basis. Some requests will be deferred to prevent the spread of the virus, and the possibility of exposure to the virus. **This a national**

emergency and non-emergency work requests will wait. We're all in this together, and by working together we will get through this.
